SEXUAL ASSAULT FORENSIC MEDICAL EXAMINATION

SC Code of Laws Section 16-3-1350, which follows the guidance of the federal Violence Against Women Act statute, states that victims of assault in the State of South Carolina may request, at no cost to them, a forensic examination for sexual assault, regardless of their involvement with law enforcement. Health Care Providers shall bill DCVC directly for individual charges for lab work, medications, emergency room fee, and physician's fee.

Neither the victim nor their insurance, including Medicaid and Medicare, may be billed for the medicolegal examination.

Any fees beyond the actual collection of evidence during a forensic examination are the responsibility of the victim. A Victim may submit a Compensation application for payment consideration to the Victims' Compensation Fund for these additional costs.
